

parla.common.array.Numpy
Array.copy_into

parla.common.array.CupyArray.copy_into

parla.common.array.Array
Type.copy_from

```
graph LR; A["parla.common.array.Numpy  
Array.copy_into"] --> C["parla.common.array.Array  
Type.copy_from"]; B["parla.common.array.CupyArray.copy_into"] --> C;
```

The diagram illustrates a mapping or inheritance relationship. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'parla.common.array.Numpy Array.copy_into' and the bottom box contains 'parla.common.array.CupyArray.copy_into'. On the right, there is a gray rectangular box with a black border containing the text 'parla.common.array.Array Type.copy_from'. Two blue arrows point from the right side of each white box to the left side of the gray box, indicating that both 'copy_into' methods are mapped to or inherit from the 'copy_from' method.
