

parla.utility.execute.synthetic
_kernel

```
graph LR; A[parla.utility.execute.synthetic_kernel] --> B[parla.common.globals.get_current_devices]; A --> C[parla.common.globals.get_current_stream];
```

The diagram illustrates a function call. A gray rectangular box on the left contains the text 'parla.utility.execute.synthetic_kernel'. Two blue arrows originate from the right side of this box. The top arrow points to a white rectangular box containing 'parla.common.globals.get_current_devices'. The bottom arrow points to another white rectangular box containing 'parla.common.globals.get_current_stream'.

parla.common.globals.get
_current_devices

parla.common.globals.get
_current_stream
