

parla.cython.tasks.Task.handle  
\_runahead\_dependencies

parla.cython.tasks.Task.py  
\_handle\_runahead\_dependencies

parla.cython.tasks.Task.environment

```
graph LR; A[parla.cython.tasks.Task.handle_runahead_dependencies] --> C[parla.cython.tasks.Task.environment]; B[parla.cython.tasks.Task.py_handle_runahead_dependencies] --> C;
```

The diagram illustrates a mapping or dependency relationship. On the left, there are two rectangular boxes. The top box contains the text 'parla.cython.tasks.Task.handle\_runahead\_dependencies'. The bottom box contains the text 'parla.cython.tasks.Task.py\_handle\_runahead\_dependencies'. On the right, there is a single rectangular box with a light gray background, containing the text 'parla.cython.tasks.Task.environment'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the right box, indicating that both functions on the left are associated with or point to the 'environment' attribute on the right.
