

parla.utility.execute.synthetic  
\_kernel\_gpu

```
graph LR; A[parla.utility.execute.synthetic_kernel_gpu] --> B[parla.common.globals.get_current_devices]; A --> C[parla.common.globals.get_current_stream];
```

The diagram illustrates a function call. A gray rectangular box on the left contains the text 'parla.utility.execute.synthetic\_kernel\_gpu'. Two blue arrows originate from the right side of this box. The top arrow points to a white rectangular box containing 'parla.common.globals.get\_current\_devices'. The bottom arrow points to another white rectangular box containing 'parla.common.globals.get\_current\_stream'.

parla.common.globals.get  
\_current\_devices

parla.common.globals.get  
\_current\_stream
