

parla.common.spawn.spawn

```
graph LR; A[parla.common.spawn.spawn] --> B[parla.common.spawn._make_cell]
```

A diagram showing a function call. On the left, a gray rectangular box contains the text 'parla.common.spawn.spawn'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'parla.common.spawn._make_cell'.

parla.common.spawn.
_make_cell
